Accessing the Online Course Catalog Platform

The image displays two overlapping screenshots. The primary screenshot is a desktop view of the Sungkyunkwan University (SKKU) website's navigation menu. The menu is organized into several sections: 'KOR' with a 'KINGOBOT | KINGO ID LOGIN' link; a list of main categories including 'About SKKU', 'Admission', 'Academics', 'Research', 'Univ-Industry Collabo.', 'International' (highlighted in green), 'Global Engagement', 'Study at SKKU', 'Inbound Exchange/Visiting Program', 'International Programs', 'Outbound Programs', and 'About the International Affairs Division'. Under 'Inbound Exchange/Visiting Program', there are sub-items: 'Korean Language Program' and 'International Summer Semester'. Red boxes and arrows highlight 'Study at SKKU' and 'Inbound Exchange/Visiting Program'. The secondary screenshot on the right shows a mobile gallery app interface with a dark background and a photo of people in red graduation gowns.

The screenshot displays the Sungkyunkwan University (SKKU) website. At the top, the SKKU logo and name are visible. Below the header, a banner features the word "International" in large white text over a background of diverse students. A breadcrumb trail reads: Home > International > Study at SKKU > Inbound Exchange/Visiting Program.

Inbound Exchange/Visiting Program

A horizontal navigation bar contains four tabs: "Introduction" (green), "Course Information" (highlighted with a red box and a red arrow), "Application", and "Bulletin Board".

Sungkyunkwan University is one of Asia's premier study destinations. SKKU's Humanities and Social Sciences Campus is in the old city center of South Korea's capital, Seoul. It is a unique representation of the force combined Korea's ancient history with the futuristic modernity, which makes Korea a pioneer in the field of business and technology. Beyond this, SKKU's large Natural Science Campus in Suwon, a Korean techno valley, directly south of Seoul, has many advanced facilities as well as a relaxing atmosphere.

Inbound Exchange/Visiting Program

Introduction	Course Information	Application	Bulletin Board
--------------	--------------------	-------------	----------------

- International Objectives

SKKU offers more than 7,000 courses throughout the academic year in every field and level of study. Currently, over 30% of courses are conducted in foreign languages, primarily English. The reason for this is twofold: first to provide a change for SKKU students to improve their global competence and language capabilities, and secondly to provide a larger selection of classes for international students who are not fluent in Korean. SKKU is actively recruiting renowned foreign professors, while providing a series of retraining programs for Korean faculty aimed at enhancing language and lecture skills.
- Academic Year

SKKU's academic year starts around March 1st and lasts for 12 months. The start date of a specific academic year may vary slightly according to each year. All academic schedules, including course signup, add and drop, withdrawal, exams, and course evaluation are planned based on this.
