Visa

You must apply for a valid visa (Visitor or Resident Visa) in your country of residence BEFORE entering Taiwan. As there is no "Student Visa" for international students studying in Taiwan, students whose exchange period is more than 180 days may apply for Resident Visas or for extendable Visitor Visas if the exchange period is less than 180 days.

Please contact the Ministry of Foreign Affairs and Republic of China (ROC) overseas missions in your countries / regions for the required documents, latest information and advice about which type of visa you should apply for.

Yuntech is a University with good scenery, friendly teachers, and a warm community. It is a pleasure to study here at Yuntech.

Fendi Rusly,
from Indonesia, Electronic Engineering (PhD)

The impression you get of Yuntech is 'technology and fantastic'. There are special courses for engineering students and various wide-field courses. I can learn Chinese and high technology research from them. Also they can play a lot of different sports. Yuntech is the best school for exchange students. I'm very lucky in yuntech.

Jungyoon Clark Lee,
from Korea, Electronic Engineering(BS)

Rooms	In the area surrounding the university there is a wide range of student rooms available. Contracts for the student rooms have a minimum rental period time of 6 months. The rental fee has to be paid at the start of the contract with prices ranging from USD 650 to USD 915. The rental fee does not include utilities they need to be paid each month or every two months. Almost all rooms are furnished and have their own bathroom, toilet and internet connection. Within the student house there is communal water dispenser and washing machine.
Apartments	There are some apartments for rent in the vicinity of the university. The minimum contract length for an apartment is one year. Most apartments are furnished, but internet and cable connection need to be arranged.

Chinese classes

Free Chinese Courses for all of YunTech's international students:

Yuntech provides its exchange student with free Chinese classes. All of the classes are 36 hours in total. Classes take place 2 times a week for 2 hours.

For Beginners

This course is designed for students who have never learned Mandarin before. It will review with ㄅ ㄆ ㄇ ㄏ, combinations of consonants and vowels, the four tones and practicing of pronunciation. After that, the character writing rules and ways of forming characters will be introduced. When students' basic knowledge of Mandarin learning is formed, the course will move into sentences and dialogue. By teaching common and useful topics as well as related vocabulary, students will be able to apply the mandarin they learn into daily use. It can be expected that students will be able to greet, purchase food, understand a menu, ask for directions and start a simple conversation in Mandarin.

Basic Chinese

The course is designed to improve students' proficiency of listening, speaking and reading Chinese. It offers various situations where students have chances to speak Chinese and learn to deal with various situations in Chinese. The basic conversations and vocabulary used for daily life will be discussed and practiced. The course also involves story reading through which students can improve their Chinese reading abilities. The whole learning environment will be pleasant and enjoyable.

Intermediate Chinese

This course is designed for students who have learned Chinese for a period of time to further develop language skills. At the intermediate level, a greater proportion of class time is devoted to developing reading and speaking skills. Class discussions are emphasized and give students an opportunity to further utilize their Chinese in a wide variety of situations. Meanwhile, students are given greater freedom to express their opinions. Class debates and discussions are used to broaden students' range of vocabulary, and various readings help students to develop expertise in subjects they are interested in. The study of materials, therefore, will focus on articles and papers retrieved from appropriate magazines, newspapers, and web sites.

Activities

On campus

The campus of Yuntech provides the students the opportunity to take part in activities. The university has a great number of student clubs. There are clubs for different sports, music and a lot more. On campus there are sports facilities for basketball, tennis, running and more. The gym building houses multiple halls that are used for different sports and there is a swimming pool.

Off campus

Within Douliou there are many places for you to drink coffee and tea. In the city center there are bars, a bowling alley and pool halls. On Tuesday and Saturday there is a night market just across from the university. Here you can get all kinds of food and snacks as well as play games and do some shopping.

Shopping

The city center has a lot of places to shop for anything that you need from electronics to clothing. Most shops are open until 10pm. You can do your daily shopping at Carrefour and various other supermarkets. Smaller convenience stores can be found around the city and campus that are open 24 hours a day.

Taiwan is an amazing country to live in, friendly people, good food and lots of things to do and see. Yuntech is a university that houses many great professors with close connections to businesses, therefore there is ample opportunity to know about Taiwanese businesses.

Arjan Stevens,

from Holland, International Business Administration (MS)

Food

Within Yuntech there is a school canteen that provides a buffet for breakfast, lunch and dinner. All around the university there are restaurants that offer all kinds of food. In the morning there are breakfast stores and at night there are several late night food stands. The average price for a dinner is between USD 2 and USD 3.50.

Mobile phone

Previous exchange students have recommend buying pre-paid SIM cards at the telecom service centers in the Taoyuan International Airport upon your arrival as the procedure is easier than getting the SIM card in Douliou. It is possible to bring your own mobile and purchase a local pre-paid card.

* The most common phone companies include:

1. Chunghwa Telecom <http://www.cht.com.tw/CHTFinalE/Web/>
2. Taiwan Mobile <http://english.taiwanmobile.com>
3. Far EasTone <http://corporate.fetnet.net/>

Transport

Public transport

Douliou has its own train station where you can take the train to different cities. At the bus station you can take the bus to the surrounding areas or directly to Taipei.

Scooter/car

To drive a scooter or car a student needs to have an international driving license. The international licence needs to be purchased in your home country.

Taxi

Taxi Company	Reservation Phone NO.
Jiu-An Taxi	(05)533-4833 · 532-3833
Dou-Liu Taxi	(05)532-2525
Yong-Guang Taxi	(05)582-2280
Tong-Yi Taxi	(05)596-2777

Bike

The easiest way to get around the campus and Douliou is by bike. From campus to the city center only takes you about 10 minutes. Bikes are for sale at some shops around the university. Second hand bikes are available from previous students.

Taiwan is a beautiful island. I like the local customs and practices, Taiwanese people are very friendly. I have been staying in Taiwan for four years, the most things for me is the night market culture and the nostalgic streets. Thanks to everyone's help in YunTech, in the process of studying here, my study goes very smoothly.

Celeste Kek,
from Malaysia, Visual Communication Design(BS)
